## NEW HITCH IN MOSCOW TALKS: BRITAIN ASKS GUARANTEES FOR HOLLAND, SWITZERLAND

### LONDON TEA MARKET STIR

#### LEADING BROKERS IN DIFFICULTIES

LONDON, July 5 (Reuter)—Mining Lane refuses to allow itself to be unduly disturbed by reports of the difficulties of two leading tea brokers whose cheques are alleged to have been returned marked "refer to drawer."

It is claimed that any trouble that has arisen is of a purely temporary nature and likely to be "well looked after."

In the meantime, the London tea auctions are proceeding as usual and prices are expected to remain unaffected.

Competent circles are extremely reluctant to divulge any information, but it is understood that the present situation arose when the brokers were told by a large client that the latter was unwilling to continue loans advanced to the brokers against forward purchases of tea on behalf of the client.

### WAR ANNIVERSARY PRECAUTIONS IN SHANGHAI

SHANGHAI, July 5 (Reuter)—Precautions taken at Shanghai to guard against disturbances in connection with the second anniversary of the outbreak of Sino-Japanese hostilities on July 7 include the erection of barricades at certain streets.

In addition, police search parties will be on watch for concealed weapons or explosives, while British and American marines and the Shanghai Volunteer Corps will maintain street patrols.

The armoured-car company of the Shanghai Volunteer Corps will also patrol the Settlement, and the rest of the corps will be in uniform, ready to mobilize at a moment's notice.

Stringent precautions are also being taken in the Japanese-occupied section of the Settlement, where bluejackets are already busy searching Chinese in the streets.

## Cooke Enters Final At Wimbledon

### DEFEATS HENKEL IN FOUR SETS

LONDON, July 5 (Reuter)—ELWOOD COOKE, OF THE UNITED STATES, to-day entered the final of the men's singles tennis championship at Wimbledon, when he defeated Henkel, of Germany, after four sets which went to 39 games.

Cooke, who in the semi-final caused a surprise by beating H. W. Austin, Britain's sole hope in the last eight, in straight sets, won by scores of 6-3, 4-6, 9-4, 8-4.

Henkel, in the semi-final, defeated Kukuljevic, the Yugoslav player who caused an upset in an earlier round by eliminating a seeded player, Roderick Menzel, of Germany. Kukuljevic had previously beaten McNeil (U.S.), the French champion.

The other semi-final is between Bobby Riggs of America and Pungce of Yugoslavia, and if the former wins there will be an all-American final at Wimbledon.

## Soviet Reply Discussed At Length By Cabinet

LONDON, July 5 (Reuter)—DIPLOMATIC CORRESPONDENTS OF THE LONDON DAILIES GENERALLY ASSUME THAT THERE ARE STILL CONSIDERABLE DIFFICULTIES TO BE OVERCOME IN THE MOSCOW NEGOTIATIONS RELATING TO THE EXTENSION OF GUARANTEES.

It is reported that Britain has acceded to the Soviet request to guarantee the three Baltic states, but, as a corollary, has asked the Soviet Union to guarantee Holland and Switzerland.

"The Times," in a leader, declares that no country should be brought into the guarantee system against its will and suggests that the three great guaranteeing countries sign without delay the treaty of mutual assistance into which they had all declared their readiness to enter.

In the meantime, British and French diplomacy might be employed to persuade the Baltic countries that their true interests were served by alliance with the three non-aggression states.

British Cabinet Meets  
LONDON, July 5 (Reuter)—The Soviet reply to the fresh Anglo-French proposals was discussed at length by the Cabinet this morning, at a sitting that lasted for two-and-a-half hours. Another session will be held this afternoon.

The Cabinet also discussed the international situation, especially with regard to Danzig, including the question of representations to the Danzig Senate regarding military movements in the Free City. While the meeting was proceeding, Sir Neville Henderson, British Ambassador to Berlin, paid a visit to the Foreign Office.

### New French Formula

PARIS, July 5 (T/Ocean)—In connection with the telephonic conversation which the Foreign Minister, M. Bonnet had this morning with the Ambassador in London, M. Corbin, it is believed in political circles here that M. Bonnet intends to suggest a new formula for the Moscow negotiations. The new formula is said in the same circles to be fairly elastic and couched in general terms. Nothing precise, however, is known on the subject.

### French Statement

LONDON, July 5 (Reuter)—When Mr. Chamberlain, Prime Minister, was asked in the House of Commons to-day to make a further statement regarding progress in the Soviet negotiations, he said that Lord Halifax, Foreign Secretary, had received the Soviet's reply yesterday and this was now being considered in consultation with the French Government.

## Anglo-Japanese Parleys In Preparation

### Britain To Discuss Local Issues Only, Says Craigie

LONDON, July 5 (Reuter)—No date has yet been fixed for the opening of the Anglo-Japanese negotiations at Tokyo concerning the Tientsin issue, but Sir Robert Craigie, British Ambassador to Japan, is reported to have stated that the conference would definitely deal with local issues.

The Ambassador stated that pending differences between the two countries could be settled by negotiation but not by force.

The diplomatic correspondent of "The Times" writes with reference to the forthcoming talks that the Japanese Press and military are "still harping on ways and means of securing British support for Japanese currency in North China and for other measures of connivance in the Japanese invasion."

The correspondent says that if these points are raised, the Tokyo conference will make little progress.

"The British Government is ready to go far in assuring the Japanese of the neutrality of the British Concession in Tientsin. It will hand over the four Chinese suspects the moment it is convinced of their guilt."

"The Government will also discuss other local matters. Beyond this it cannot go," the correspondent adds.

## Steel Tower For Sale

LONDON, July 5 (Reuter)—The steel tower which was the landmark of the Glasgow Empire Exhibition is now for sale. Six hundred tons of steel were required to build the tower which is 300 feet high and 1,280,000 people went to the top of the tower in two express lifts during the exhibition.

TOKYO, July 5 (T/Ocean)—At a mass meeting held in connection with the Japanese campaign for the enlightenment of the public on British Far Eastern policy, the leader of the Minseitō Party and former Minister of Communications, Mr. Nagai, described the immediate discontinuance of British support for Chiang Kai-shek as the cardinal point of the forthcoming Anglo-Japanese negotiations in Tokyo.

Mr. Nagai, who sharply criticized the "entire British policy in the Far East since the opium war, concluded his speech by demanding that every Japanese regard himself as "a soldier without a bayonet" in the fight against England unless England would abandon her present attitude in East Asia.

Huge placards were displayed at the meeting with the inscriptions, "Down with false policy of treacherous England," "Abolition of foreign concessions," "The yearning for East Asia," "Down with worshippers of England enemies of our nation," "A Japanese-German-Italian military alliance must be concluded."

### THE TAMING OF THE WEST

### CHINA WAR

#### GUERRILLA ACTIVITIES INCREASE

AN UNDISPUTED PLACE IN NORTH KIANGSI, July 5 (Central)—Annoyed by increasing Chinese guerrilla activities, a Japanese force of 1,000 men started another large-scale "mopping up" campaign on the north bank of the Siu River, in North Kiangsi, on June 30.

Advancing in four columns, the Japanese tried to dislodge the Chinese at Changkungtu and other points in the neighbourhood. Many villages were burned down to deprive the Chinese guerrillas of cover.

Firmly entrenched, the Chinese guerrillas put up stiff resistance. A handful of them reached the invaders' rear by a detour and launched an attack, succeeding in repulsing them.

SIAM, July 5 (Central)—Military despatches disclose that the bulk of the Japanese on the Yung-tai-Penglingtu sector in south-west Siam has withdrawn to the north, leaving some 700 men behind.

During their withdrawal Chinese artillery units across the Yellow River opened up on them, causing some losses.

In North Shansi, about 800 Japanese were recently shifted to Jentsutou, and Hsuyotou. Observers believe that they are attempting to join force with their comrades at Sohten and Shon-chih for a drive towards Limingpo, strategic town north-west of Shenchih, just inside the Great Wall.

### DR. H. H. KUNG'S BROADCAST

## CHINA'S FRIENDSHIP WITH U.S. BORN OF KINDRED IDEALS & CONVICTIONS

CHUNGKING, July 5 (Central)—China's deep appreciation of the happy friendly relations existing between her and the United States and of the inspiration and assistance the United States has given her in the task of rebuilding and modernization was reassured by Dr. H. H. Kung, President of the Executive Yuan, and Minister of Finance, in a broadcast to America from Chungking, on July 4, the anniversary of the American Declaration of Independence.

The following is the complete text of Dr. Kung's broadcast:

I am happy to be able to speak to the people of America on this memorable occasion, the 163rd anniversary of the Declaration of Independence. On behalf of the people of China, I extend to you our most hearty congratulations and best wishes for your ever growing prosperity.

It is fitting that all liberal spirits of the world should celebrate the birth of the great American Republic. The Declaration of Independence not only proclaimed the supreme principles of human liberty and equality; it also brought into being a great nation which, through its high idealism and rare vitality, has contributed as much as any nation has ever contributed to the progress of mankind and the promotion of world peace and order.

The birth of your nation gave great impetus to the growth of modern democracy. The history of your people is filled with the greatest romance of human endeavours—romance of the pioneer, romance of the frontier, romance of the machine age, romance of modern business and industry, romance of the rise of the common man to power and, above all, romance of the making of human life richer and more worthwhile.

The wonderful progress you have made in your national life testifies to the high levels to which human life can be elevated if all the world can have the good fortune of pursuing peace and happiness as you do in the United States.

The significant role you have played in the enunciation of the

### DEATH OF MR. R. L. SCOTT

LONDON, July 5 (Reuter)—The death has occurred of Mr. R. L. Scott, chairman of the famous Clyde firm bearing his name. The firm was established in 1711 and thereby is reputed to be the oldest shipbuilding company in the world.

### FINE OF £1,000 IMPOSED

JERUSALEM, July 5 (Reuter)—A collective fine of £1,000 has been imposed on the northwest district of Jerusalem for recent murders and attempted murders.

Four Arabs were wounded to-day by a Jewish gang and traffic in Jerusalem was suspended for some time.

## £40,000 Damage Caused By Birmingham Fire

### Important Documents Lost In Small Arms Works

LONDON, July 5 (T/Ocean)—A fire broke out last night at the main building of a Birmingham small arms works. The fire which, by midnight, was not yet completely put out, destroyed the main building causing damage estimated at £40,000.

A number of important documents and technical drawings, as well as Government order sheets, were also burnt.

Some of the 400 workers, employees and officials of the works only just managed to save themselves. So far, four persons have been injured.

All Birmingham fire brigades on the spot were trying to keep the fire from spreading to the neighbouring buildings where large quantities of highly explosive material are stored.

The cause of the fire is not yet ascertained, but it is rumoured that the I.R.A. members are responsible.

### ANOTHER FIRE

Another link to the chain of fires which broke out in London in the last few days, was added last night when the house where Colonial goods were stored went up in flames near the London Bridge subway station.

The underground traffic ceased while the fire brigade was busy in putting out the fire. Scotland Yard sent special men to investigate the cause of the outbreak.

## Malaria Antitoxin Needed

The local office of the Chinese Red Cross Society has received urgent telegrams from its field headquarters on the Hupel, Honan and Shensi fronts asking for 200,000 (800) antitoxin injections for the treatment of malaria which has run rampant in these provinces.

The use of 600 injections, it is stated, has proved most effective in the treatment of malaria.

An appeal has been issued by the Red Cross here for these injections which may be sent to its office at 111, Austin Road, Kowloon—(Central News)

### NEW ADVISER FOR SARAWAK

#### Rajah Denies Status Change

LONDON, July 5 (Reuter)—The following statement was issued in London by the representative of the Sarawak Government to-day:

"The Rajah of Sarawak has authorized the Government agent to issue an unqualified denial of the statements that his appointment of a General Adviser indicates any change in the relations hitherto existing between the British Government and the Protectorate of Sarawak."

"The correspondence relating to matters of importance which do not directly concern the natives of the states now immediately necessitates the constant attention of senior Sarawak officials whose long experience in native administration is thus wanted. As a result, the interests of the natives have to be left in the hands of junior officers."

"It is in order to be able again to avail himself of the advice of the most experienced senior officers with regard to native affairs which are the chief concern of the state, whilst ensuring that external affairs are handled with efficiency that His Highness has received the sympathetic co-operation of the Colonial Office in making this appointment."

### RAILWAY TRAFFIC RECEIPTS

LONDON, July 5 (Reuter)—Railway traffic receipts in the United Kingdom this week showed a substantial rise, with takings more than £250,000 higher than during the same period last year. Passenger receipts were lower, but car loadings were considerably higher.

## PAWN BOWLS NOTES

### Craigengower Concede Second Division League Leadership

#### Frank Goodwin's Fine Work For Kowloon Cricket Club

(By "Jack Hy")

Except in the Third Division in which several upsets were recorded, the results of the other matches played last Saturday in the Lawn Bowls League were more or less expected. The Civil Service C.C. in the First Division have scored their first two points of the season by beating Kowloon Docks at home, but the Craigengower C.C. second string who had been expected to beat the Kowloon Football Club lost, as a result of which both Tai Koo R.C. and Hongkong Football Club now lead in the Second Division.

Craigengower played one man short—C. S. Rossette could not turn up and E. Zimmern stepped into his shoes. Consequently, Zimmern had to concede 25 per cent. of his score to T. Ferguson. How far exactly Rossette's absence affected the rest of his team-mates is impossible to gauge, but judging by the scores, it is safe to assume that Craigengower would still have lost had Rossette been able to play, as both W. K. Way and H. W. Randall, their other two skips, were down.

Though the Champions, Kowloon Bowling Green Club, they had another close shave as they won by only seven shots. H. A. Alves beat A. M. Holland by 21—17 and C. G. Silva had five shots in hand in his game against A. J. Hall. The other Portuguese skip, F. X. M. Silva went down to W. Macfarlane by 13—18. Carlos Silva's win has enabled him to jump to the lead in the Skips' Table, as A. K. Minu who had hitherto been leading, lost to F. Goodwin last Saturday.

Though down on two rinks, the Kowloon Cricket Club won handsomely against the Indian R.C. by 18 shots, thanks to F. Goodwin who once again came to the rescue of his club-mates with a fine win of 23 shots over A. K. Minu who, until last Saturday, had been undefeated in five matches. At the seventh head Goodwin led by 8—4, but for the next ten heads he monopolised the scoring and at the end of the 17th head he had established a lead of 31—4 over Minu before the latter was able to score again. The game ended at 33—10 in Goodwin's favour.

Though A. R. Dallan scored a seven and a six, he ended only one shot up against E. C. Fincher. M. R. Abbas was 10—19 down to E. Kern on the 16th head, but he scored three threes and a couple of twos on the next five heads to win by 23—19. With practically all his woods at the back, Kern had an excellent chance of winning on the last head when Abbas was leading 20—19. A. H. Rumjahn had one wood almost touching the jack. With his last wood Kern tried to force the jack through, but though it was an excellent attempt, the jack sprang to one side to give Abbas three shots.

#### FIRST C. S. WIN

The Civil Servants have at last recorded their first win of the season at the expense of Kowloon Docks whom they beat convincingly in the Valley by 23 shots. They won on all three rinks. H. E. Strange did well to beat S. Gray by 21—18 to maintain his fine record—three wins in three matches.

Talkoo's home win by 13 shots over the Kowloon Bowling Green Club in the Second Division has placed them at the head of the Table in place of Craigengower who lost last Saturday. J. C. Chalmers beat G. F. Thompson by 15 shots to retain the lead in the Skips' Table for this Division. R. Wallace, another Talkoo skip, had five shots in hand in his game against J. G. Meyer. But D. Munro, in spite of a six scored on the 5th head, lost by 18—25 to J. Logan, who incidentally, also scored a six.

The Hongkong Football Club, playing away, had a very tight game against the Civil Service C.C. and won only by six shots. N. Bebbington's win by six shots over W. Bagley made up for J. Selby's loss by three shots at the hands of W. Hillyer to enable his

Club to win by three, the other Football Club rink (A. Brooksbank) featuring in a 22—all tie against S. Eccleshall's.

If Eccleshall had been able to maintain his 20—5 lead on the 14th head, there might have been a different tale to tell. But Brooksbank refused to be daunted by such overwhelming odds and fought back so gallantly that for the next seven heads he scored 17 shots to tie at 22—all with Eccleshall, and enable his team to win.

#### NEW SECOND DIV. LEADERS

Playing one man short, Craigengower met defeat at the hands of Kowloon Football Club by 34 shots, as a result of which they have been superseded as leaders in the Second Division by both Talkoo R.C. and Hongkong Football Club. They went down in all three rinks. W. K. Way, with the help of a six, had the lead at the end of the 17th head with the scores at 17—14, but for the next four heads he saw Field score eight shots to forge ahead and win by 17—22.

Both H. W. Randall and E. Zimmern made unimpressive beginnings as skips, the former losing to V. Chittenden by 13—24, and the latter to T. Ferguson by 15—33. Ferguson's score of 33 shots included a concession of 25 per cent. on Zimmern's score as the latter was one man short.

#### PILE'S GOOD WORK

In the Third Division, the Prison Officers' Club beat the Kowloon Bowling Green Club at Stanley by eight shots. This victory was entirely the result of T. Pile's 18 shot win over P. J. Hamilton, the other two Stanley skips. A. J. Jilott and T. Gooding losing to H. L. Lockhart and J. S. Dinneen by 17—24 and 21—24 respectively.

The Hongkong Electric, playing at home, lost narrowly to the Craigengower C.C. by four shots, in spite of W. H. Muskett's 19 shot win over A.E.S. Alves. A. F. Paul lost to N. Leonard by two shots and L. de Rome was given a severe drubbing by J. Pau who beat him by 21 shots.

#### OPEN RINKS

### SURPRISE FOR U.M. OMAR

#### EXTRA HEAD TO DECIDE TIE

BY "JACK HY"

The matches in the third round of the rinks competition which were arranged for Sunday provided one or two thrilling finishes—in one case, an extra head had to be played to decide the issue.

U. M. Omar's rink comprising W. J. Penny, A. A. Razack and A. M. Omar rather unexpectedly lost to a Kowloon rink composed of C. F. Remedios, A. P. Gutierrez, J. F. Basto and B. Basto. U. M. Omar, in the initial stages of the game kept on piling up the score and at one period he had established a lead of 18—7.

### This Week's Programme

#### ALL HOME TEAMS BUT ONE TIPPED

(BY "JACK HY")

For this week's matches in the First Division, I am tipping off all the home teams to win. The only team I am uncertain about is the Indian R.C. who will oppose the Kowloon Bowling Green Club, but as the Indians won when these two teams clashed earlier in the season, they will start favourites this week-end, having the advantage of green.

The Indians are an unknown quantity when they play away, but I believe on their native green it takes a good team to beat them.

In the Second Division, Talkoo will meet Kowloon Tong on the latter's green and should have no qualms about being able to retain the leadership. In the other matches in this Division and in all matches in the Third I am again inclined to the opinion that the home teams will win.

### ANOTHER WIMBLEDON SURPRISE

#### KAY STAMMERS PLAYS BRILLIANT TENNIS TO DEFEAT HELEN JACOBS

WIMBLEDON, July 5. (Reuter and Transocean)—Tuesday's programme at Wimbledon which was confined principally to the Quarter-Finals of the Women's Singles, was featured by a major upset, the American favourite for the title, Miss Helen Jacobs, who was runner up last year, being defeated in two straight sets 6-2, 6-2 by the English player, Miss Kay Stammers.

Queen Mary was present and witnessed the brilliant victory by the English player.

Miss Jacobs, who has figured in several finals at Wimbledon against her countrywoman, Mrs. Wills Moody, was placed second among the seeded players this year, while Miss Stammers who seeded sixth, and it was generally predicted that Miss Jacobs would contest the final against Miss Alice Marble, also of the United States. Miss Jacobs won the title three years ago when she beat Mrs. Moody.

Miss Stammers played a magnificent game. She took the initiative throughout and revealed "an array of strokes and drives which gave her a marked superiority over the American player from the very first game.

Other Games  
The two other outstanding matches ended in American victories—Miss Alice Marble defeating the Polish champion, Mile Jedrejowska 6-1, 6-4 without difficulty, and Mrs. Sarah Fabryan gaining a still more impressive victory over the French champion, Madame Mathieu, by beating her 6-4, 6-2.

The fourth woman to enter the semi-finals was the Danish player, Madame Hilde Sperling who defeated Miss Mary Hardwicke (Britain) 6-4, 6-0.

Although her service and baseline play were superior to those of her opponent, the English player was unable to break through the unwavering defence of the Danish woman, who, after the first set, completely controlled the play, retrieving everything in a magnificent defensive display.

Men's Doubles  
The Men's Doubles was notable for the success of Cliff and Shays (Britain) who beat McNeill and Smith (U.S.) 8-6, 4-6, 6-3, 6-3, 6-4.

The Americans had earlier beaten Henkel and Metaxa, of Germany, the first seeded pair, in three straight sets.

Borotra and Brugnon (France) beat L. G. Collins and Tinkler (Britain) 4-6, 6-4, 6-4, 6-4, 6-4.

A close battle was witnessed between the Yugoslav team—Puncce and Mitic—and the New Zealanders, Coombe and Malfroy, who have gained the reputation of playing interminable matches.

Yesterday's game was no exception the match lasting two and a half hours before the Yugoslavs finally won, the scores being 7-8, 4-6, 6-4, 6-0, 6-4.

The New Zealanders took the first two sets and the spectators thought that the highly reputed Yugoslav team was due for a defeat, but in the third set the combination began to function well and the Europeans won.

Defeat Acknowledged  
The New Zealanders sacrificed the fourth set and were unable to sustain the driving by the Yugoslav pair in the fifth and had to acknowledge defeat after a promising start.

A close and hard fought game was also witnessed when the English team—Butler and MacPhail defeated the Argentine pair, Elchert and Russell, 6-4, 6-3, 13-11.

The Americans, Cooke and Riggs defeated Godsell and Sherwood (Britain) 6-3, 6-3, 6-3.

Mixed Doubles  
In the Mixed Doubles, McNeill (U.S.) and Miss Stammers (Britain) beat Puncce and Mile Florian (Yugoslavia) 8-6, 8-6, while Cooke and Mrs. Fabryan (U.S.) beat Billington and Miss Ingram (Britain) 6-2, 6-2.

### LEAGUE TENNIS "C" DIVISION RESULTS

#### Indian R.C. Lose At Valley

In the "C" Division of the Tennis League, Craigengower C.C. defeated Indian R.C. by five sets to four, on the former's ground yesterday.

S. Leonard and N. Leonard (C.C.C.) beat A. M. Rumjahn and K. Ram 6-4, lost to A. R. Kitchell and D. Razack 5-7, beat S. A. R. Bux and A. Kitchell 6-4.

G. Winch and H. King (C.C.C.) beat Rumjahn and Ram 6-4, lost to Kitchell and Razack 0-6, lost to Bux and Kitchell by 2-6.

S. K. Chang and P. C. Yu (C.C.C.) beat Rumjahn and Ram 6-3, lost to Kitchell and Razack 3-6, beat Bux and Kitchell 6-3.

### Siam Sending Tennis Team To Hongkong

#### Tour Will Include South Seas And Japan

For the first time in local tennis history, a Siamese team is coming to the Colony to compete with local racquet stars. The visitors will arrive in late July or early August after playing in Japan. Besides Hongkong, their tour will include Manila, Saigon and Singapore.

During the stay of the Siamese team, an official Hongkong-Siam match will be played. The visitors will be no easy proposition. Four in number, they include the singles, doubles and ladies singles champions of the country, while the fourth member is a former Wimbledon player and Cambridge Blue, 1934.

#### NOTICE RECEIVED

In connection with the forthcoming visit, the Hongkong Lawn Tennis Association has received a notice which includes the following paragraphs:

"Major-General Luang Pibul, the Premier, thinks it is befitting at this time to send Siamese tennis players as messengers of goodwill abroad.

"His proposal has been graciously favoured by H.R.H. Prince Aditya, who has graciously accepted the position of Royal Patron to the Committee for the promotion of Lawn Tennis in Siam."

It is evident that this team is coming to the Colony bent on securing laurels to lay before its distinguished patrons.

#### TEAM'S COMPOSITION

Four players have been selected to visit Hongkong, Japan, Manila, Saigon and Singapore. They are: Mr. Muang Roeng, the present Singles Champion, Siam.

Mr. Sanoh, the present doubles Champion of Siam (in partnership with Muang Roeng).

Police Captain Kasom Chaitkavanij, Cambridge Blue 1934.

## Anti-British Move Fails In Tsingtao

## CHINESE REFUSE TO BE ROUSED

SHANGHAI, July 5 (Reuter).—The anti-British campaign in various Japanese-occupied centres has been intensified.

A demonstration was staged in Tsingtao yesterday opposite the British Consulate, but efforts to put up posters on the walls of the building denouncing Britain were frustrated.

Elsewhere in the town anti-British placards were conspicuous, but signs of genuine anti-British feeling among the Chinese inhabitants are lacking despite all attempts to rouse them.

## U.S. NEUTRALITY LEGISLATION

NEW YORK, July 5 (Reuter).—President Roosevelt, at a press conference, declared that he wanted action on the neutrality legislation in this session of Congress with the objective of preventing war.

## COMMAND OF THE 17TH FLOTILLA

Captain F. S. W. de Winton, who has assumed command of the 17th Destroyer Flotilla on its commissioning from the Reserve Fleet with officers and men recalled to active service, was promoted in December last while Commander of the R.N. Barracks at Devonport, where he was relieved in April.

Among the officers appointed in command of destroyers of the 17th Flotilla on commissioning are Lieutenant-Commanders M. A. G. Child, from Portsmouth Barracks, to the Watchman; W. J. E. Flanders, from the Portsmouth Reserve Flotilla, to the Vortigern; and I. T. Clark from the Eclipse, on relief in the Home Fleet, to the Vimy.

NEW AIRCRAFT-CARRIERS  
With the placing of the order for the aircraft-carrier of the 1939 programme with John Brown and Co. Limited, Clydebank, there are six vessels of this class in hand, the total tonnage of which exceeds that of the seven aircraft-carriers already in commission.

One of these six ships, the Illustrious, is already launched, and three more, the Victorious, Formidable and Indomitable, should be launched during the current financial year. Between them the six vessels will be able to operate some 400 aircraft, whereas the capacity of the existing carriers is only about 240.

NAVAL APPOINTMENTS  
The following appointments are made by the Admiralty:

Cdr. W. C. Jenkins, to Scott, in command (July 3); A. Day, to Endeavour (July 3), and in command (undated); J. R. S. Brown, to President for duty inside Admiralty (June 20).

## "ONLY MAN WHO KNOWS WHAT HAPPENED WHEN THETIS WENT DOWN" GIVES EVIDENCE AT THE PUBLIC INQUIRY

LONDON, July 5 (Reuter).—The Chancellor of the Exchequer, Sir John Simon, occupied a seat on the bench yesterday afternoon when Lieut. Woods, one of the survivors of the Thetis disaster and the "only man who knows what happened when the Thetis went down," gave evidence before the public inquiry into the loss of the submarine in which 99 lives were lost.

Lieut. Woods said that when the water rushed in through the torpedo tubes, "some time was wasted in closing the water-tight door. That was because he went to the assistance of a seaman who was being swept from his feet, and had to assist him out of the compartment before closing the water-tight door."

Lieut. Woods said that he felt so positive that the hove caps were shut that he considered that there must have been a fracture of the tube.

Had he realized, as he did soon afterwards, that the bow cap must have been open, he might possibly have been able to get at the operating lever and shut it.

Desperate Attempts  
Desperate attempts were then made, he said, to get through to the forward Davis escape chamber into the flooded compartment to shut "a door, but these were frustrated."

Early next morning, Capt. Oram called for volunteers to accompany him to the surface and Lieut. Woods volunteered and just before they closed the door of the escape chamber they hear charges fired and presumed that there was a warship in the vicinity.

Sparks & smoke  
"These charges raised a cheer from the side of the compartment," he said and they escaped without difficulty.

Lieut. Woods added that Leading

## ROYAL VISIT TO BELGIUM IN OCTOBER

LONDON, July 5 (Reuter).—It was officially announced from Buckingham Palace yesterday that Their Majesties the King and Queen had accepted with the greatest pleasure the invitation from the King of the Belgians to pay a state visit to Brussels from October 24 to 27 as a return to the visit paid by the King of the Belgians to London in November 1937.

## STATEMENT DENIED

## NEW ZEALAND AND COMMONWEALTH

LONDON, July 5 (Reuter).—Mr. Walter Nash, the New Zealand Minister of Finance, denied the statement which was attributed to him yesterday that New Zealand was not likely to send an expeditionary force in the event of Britain being involved in a war. "I never said anything of the kind," Mr. Nash told the Eire Branch of the Facilitatory Association last night.

"What I said was that it was unlikely that New Zealand will enter into any commitments to send an expeditionary force overseas, but that what is necessary to enable New Zealand to defend Democratic ideals will be undertaken."

"We have accepted the responsibility of defending New Zealand as a unit of the Commonwealth and defending Commonwealth interests in the South Pacific, and if the occasion demands, of defending the whole of the Commonwealth."

## BABY SANDY

Newcomer To Screen  
Makes Big Hit

**BABY SANDY**, a screen newcomer, steals "East Side Heaven," from Bing Crosby, the picture's star, according to advance reports.

The Photoplay reviewer says in part about the film: "Well, now for the story. It begins with Bing who sings messages for a telegraph company. Joan Blondell works at a hotel switchboard and the two of them are eternally on the verge of marriage. Something really stops them and this time it's Sandy, grandson of a millionaire (G. Aubrey Smith).

"His mother, Irene Hervey, is an old friend of Crosby's; is married to a drunk (Bob Kent) has left the drunk and is trying to keep her child away from a court order. Complications get everybody into trouble and Bing sings his way out of it. Production details are handled deftly, most of the laughs go to Auer, Joan looks pliant and very pretty. A first-rate picture, wholesome and entertaining."

## Parted By Battle In 1915,—Meet In Hospital Ward

Turning to greet a new arrival at his ward in Queen Mary's Hospital, Southampton, Mr. J. J. Pedder, stopped, stared. "I've seen you before," he exclaimed. Then both men remembered.

They had joined the same regiment in 1914. Together they had gone "over the top" in the battle of Loos in 1915.

### MARY PICKFORD'S FIRST HUSBAND FOUND DEAD

### OWEN MOORE, FALLEN STAR OF FILMS

Owen Moore, Mary Pickford's first husband, has been found dead from haemorrhage in his house in Beverly Hills, the heights overlooking Hollywood. He was 51 years old.

Mary is holidaying in London with her third husband, the band leader Buddy Rogers.

At the time of her marriage to Owen Moore in 1911 he was 25, handsome and dashing, with black hair and brown eyes. He was Irish by birth; he had already made a name for himself with the early Reilance-Majestic company, whom he joined in 1910. At the time he met Mary he was melting women's hearts as juvenile lead.

Never Acted Together  
She was only 17. She had begun her stage career when five years old. Leading lady on Broadway when only 13, she too, had been tempted into films.

"They never acted together," an old friend of Owen Moore said, "as they worked for different companies. There is no question of his ever having helped her in her career, as Mary was always far more in advance than he was. But they seemed to have interests in common, and were very happy."

"Only six years later, however, in 1917, they agreed to separate. They found they were incompatible. Three years later, in 1920, they were divorced. He and she both married again, Mary, Douglas Fairbanks, Sen., and he, Miss Kathryn Perry, who was also in films."

"Moore made several more pictures, but recently had been doing nothing."

"His last years were full of the tragedy of fallen stars. One day they have everything, the next nothing. He had not Mary's business sense."

"He was in England three years ago," Moore once said of the divorce: "It was just life—we drifted apart."

His Pictures  
Moore's best remembered pictures of the silent days are The Road to Mandalay and Skyrocket. His last part in pictures was a small one in A Star is Born, in 1937.

In 1934 he made a personal appearance at the Plaza in London, with a film he had made called On and Off.

Both had been wounded on the battlefield.

They never saw each other again. One was taken prisoner. The other, after hospital treatment, was discharged from the Army.

Now they find themselves lying together again, side by side in hospital beds.

The new arrival was Mr. Robert William Pidgeon. At the hospital on June 1 he said: "It was a great thrill to find Pedder here after twenty-four years."

"I have been in the hospital for six weeks, but it was only when my ward was being redecorated that I was transferred to this ward. The first person I met was Pedder."

"He recognised me first. Then it all came back to me. We've talked of nothing but our war experiences since."

The Biggest Joker  
Mr. Pedder, who was wounded in the head, has had to pay many visits to hospitals. Between visits he works as a lorry driver.

A bullet passed through Mr. Pidgeon's thighs. He still suffers from the effects of his wounds. When he is able, he works in a timber yard.

Mr. Pedder was equally excited about their reunion. "It was a happy moment for me when I saw Pidgeon enter my ward," he said.

"I knew I'd seen him before. Then, in a second, I remembered how we'd been together."

"After we'd gone 'over the top' and I had been wounded, I was taken prisoner. I never saw Pidgeon again."

"Pidgeon was the biggest joker in our battalion," he said. "My stay in hospital will now be much more pleasant than I thought it would."

Both men are married. Pedder has three children. His friend has two.

## CHINA ASSN. RECEPTION

### Many Distinguished Guests Attend

The annual reception and dance of the China Association was held at Grosvenor House on Wednesday, June 21. The guests were received by Mr. D.G.M. Bernard, President of the Association, and Mrs. Bernard.

Among those who accepted invitations were: The Chinese Ambassador, Mr. Quo Tai-chi, and Madame Quo, Lord Addington, Sir John and Lady Brennan, Sir Arthur and Lady Blackburn, the Hon. Sir Alexander, and Lady Theodora Cadogan, Dr. and Mrs. W. C. Chew, Mr. and Mrs. Liu Chieh, Mr. I. Hannah, Dr. and Mrs. P. W. Kuo, Lady Leith-Ross, Sir George and Lady Moss, Brig.-Gen. and Mrs. E. B. Macnaughton, Mr. and Mrs. A. C. Moreing, Sir John Pratt, Lieut. Col. and Mrs. R.M.C. Ruxton, Mr. G. W. Swire (Chairman of the Association) and Sir John and Lady Wardlaw-Milne.

The Air Raid Precautions Officer announces that a course of Air Raid Warden lectures in English will be held at Diocesan Girls' Junior School, Kowloon, on Tuesdays and Fridays at 6 p.m. commencing on July 7. The lectures will be given by Messrs. Leyden and Bones.

## 1-H.P. MOTOR-CAR FOR CHILDREN

Lord Ainess and other members of the Lords' committee on road safety were among those who at Grosvenor House inspected a one-h.p. rear-engined two-seater, car with a maximum speed of 10 miles an hour, introduced to teach children how to drive.

The miniature car is intended for use in schools or any private grounds, and it need not be registered if it is used there only. It has forward and reverse gears, clutch, brake and accelerator pedals—reproducing the controls of a full-sized car.

The two-stroke, air-cooled engine is behind the driving seat, over the back axle, and is the same as that used in the Atco lawn-mower.

The car is a product of the same firm and is priced at £35.

It was pointed out a year ago, more than 10,000 schools in the United States include tuition in motor driving in the curriculum, and the practice is spreading.

Lord Ainess's committee declared that "one of the most important of remedial measures lies in the education of children."

Mr. J. G. Pugh, managing director of the Atco firm, says a 7-year-old boy learned to stop and start the car and use all the controls in his first lesson.

## QUEEN LOSES NEARLY A STONE

Thousands of people who have seen the Queen since her return to London have commented on her slim figure.

Actually she has lost between twelve pounds and a stone since she left England seven weeks ago.

This is not the result of slimming or special diet; it has been caused by the strenuous time she had during the tour.

At one point in Canada the Queen was losing so much weight that Surgeon-Captain White, medical officer to the royal party, was worried, and put her on a milk diet for a few days.

Mr. Philip Ho, Singapore broker associated with the firm of Swan, Culbertson & Fritz, accompanied by his wife and children, arrived here yesterday in the Corfu en route to Shanghai. Mrs. Ho is the eldest daughter of the late Dr. Fong F. Sec, formerly chief English editor of the Commercial Press and at one time District Governor of the Rotary International.

## WOMAN FIGHTS BLOOD TESTS

Fear that magistrate would decide paternity cases on blood test evidence was expressed by Miss Beatrice Davy for the National Council for the Unmarried Mother and Her Child recently.

Miss Davy told a House of Lords Select Committee considering the Blood Test Bill that the science of blood grouping was not sufficiently advanced to be of use in the Law Courts.

Lord Dawson, a member of the Committee: Do you think that what is good enough to apply to the saving of human life and the treatment of disease is not good enough evidence to apply to the law?

Miss Davy: The treatment of disease is more important than a law court.

The Committee sat afterwards in private to consider evidence.

## QUEEN MARY'S BROTHER SINGS FOR HIS SUPPER

Instead of making a speech on June 23, when called on to reply for the guests at the dinner of the Royal Academy of Music Club, the Earl of Athlone, brother of Queen Mary, sang a ditty.

He sang:—  
We thank you for our dinner.  
We thank you for our wine.  
And if again invited.  
With you again we'll dine.

Mr. Brian Nash, secretary of the club, said afterwards:—

"I think he made the tune up as he went along. He has a nice baritone voice. He got a big cheer when he finished."

The Executive Yuan meeting on Tuesday in Chungking, approved a set of measures drafted by the Ministry of Education for the mobilisation of intellectuals to launch a nation-wide campaign to eliminate illiteracy.

Mr. A. P. Taylor-Gill, representative of the firm of Edgar Allen & Co., Sheffield, whose Hongkong agents are Messrs. Jardine, Matheson & Co., arrived here yesterday in the s.s. Empress of Japan from Manila.

Sub-Insp. W. F. Taylor, of the Shanghai Municipal Police, was among the passengers passing through Hongkong yesterday in the s.s. Empress of Japan en route from Manila to Shanghai.

Mr. R. P. Winkler, of Messrs. Connell Bros., Shanghai, was a passenger in the s.s. Empress of Japan, which arrived here yesterday. He is returning to the north from Manila.

To-morrow will mark the second anniversary of the Sino-Japanese hostilities. In view of its increasing significance during this national emergency, another meeting of the Canton University English Club was held on Saturday when it was decided to issue a written article entitled "A Report of the Second Anniversary of the Sino-Japanese Hostilities." This report will be sent to the World Students' Association in Paris.

## Touch wood!

To certain early races of mankind the oak tree was sacred. They rushed to its shelter whenever danger threatened. Even today when we say "touch wood" we unconsciously seek similar protection. To many thousands of people the Manufacturers Life Insurance Company is giving not fancy—but very real—protection against economic dangers. Like a massive oak, this company has grown to strength from the acorn of small beginnings. Stable as the oak, it has weathered many a storm in the wars, epidemics and speculative panics of half a century. Today over 200,000 policy holders bear witness to the enviable position which the Manufacturers holds among the great Life Insurance Companies of the world.

**Oh grandmama!**

THE tight fitted bodice and the flared crinoline skirt have come straight out of the old family album, but the figure is her own. Great grandmama could never have achieved this slim athletic line without the high-pressure help of a sturdy lady's maid, but she achieves it by watching her diet and her drinks. Her cocktail for example is always a Gimlet because she knows that the girl who insists on Rose's Lime Juice today avoids a headache and a Rubens contour tomorrow.

## Formation Of Hongkong Auxiliary Fire Service Organisation Will Be In Two Separate Branches

The Hongkong Government is preparing to carry into effect schemes for passive defence against aerial attack and the Hongkong Fire Brigade is authorised to proceed with the duty of organising a voluntary force of auxiliary firemen and other essential personnel to assist the professional Brigade in an emergency.

In the event of intensive incendiary attack from the air large numbers of fires—possibly several hundred—might be caused more or less simultaneously and for such a situation the normal peacetime resources of the Hongkong Fire Brigade would be wholly inadequate. Measures of fire defence cannot be improvised at the last moment; to be effective they must be planned and developed in time of peace. For these reasons an auxiliary fire service, strong in members and efficient in action, is a vital and urgent necessity.

It is proposed to recruit at once the following staff and a like number in 1940:

- 100 officers and men for service as auxiliary firemen on shore and in the harbour fire floats.
- 50 messengers (Boys or youths over 14 years).
- Men and Women for clerical duties.
- Men and Women drivers for Ambulances, Vans, etc.

### ORGANISATION

The Auxiliary Fire Service will be organized in two separate branches—one for men and the other for women. Each branch will be given scope to develop its own independent efficiency.

Both branches will work in close association with the Hongkong Fire Brigade under the command of the Chief Officer.

### DUTIES OF AN AUXILIARY FIREMAN

The duties for which auxiliary firemen are required fall into several categories and offer opportunities for men of differing physical capacities and inclination to assist in the fire defence of Hongkong. The work is varied and interesting.

By far the largest number is required to train for active fire-fighting duties. They will have their own appliances—pumps of different types and capacities—and will be able to attend fires in peacetime side by side with the permanent Brigade.

Those who are motor drivers will drive appliances or cars, and will also act as pump operators. Owner drivers will be particularly welcome in the event of breakdown of telephone communication.

Others are required to serve with emergency water units to pump water to fires from the harbour or wells. Then there is the harbour service, in which men will be required to augment the crews of the fire floats and also to man improvised floats. For those who are not able to undertake strenuous work there are indoor duties in fire brigade watchrooms and in the Communications and Clerical Branch.

### HOW WOMEN CAN HELP

Women are required for a number of purposes, especially driving light vans, ambulances and cars. In the event of war their duties will be to drive supply vans to convey staff and stores to the scenes of fires and also to act as drivers for Government Ambulances when necessary and generally to aid communications and tow trailer pumps into action.

Women are also desired to help in watch room duties, at the telephone switchboards and with the keeping of records.

### HOW TO JOIN QUALIFICATIONS

Volunteers for the Auxiliary Fire Service must be of good character and physically fit. A medical examination is only required for those who volunteer for active fire-fighting duties. The wearing of glasses is no obstacle to enrolment.

Candidates for motor driving duties must hold driving licences; the possession of a licence to drive heavy vehicles is an additional qualification. Candidates for the harbour service must be able to swim and row a boat.

When candidates present their application forms, they will be advised, as to the branch of the service for which they are best suited and in which they are most needed.

Volunteers for active fire-fighting and similar duties shall be between 25 and 50 years of age.

### APPLICATION FOR ENROLMENT

Application forms for enrolment in the Active Service side of the Auxiliary Fire Service may be obtained by personal or written application at the office of the Superintendent, Fire Brigade, Central Fire Station, Hongkong. Any other candidates desiring to join any of the Auxiliary Services of the Auxiliary Fire Service, may send their applications to the Air Raid Precautions Officer, Colonial Secretary's Office, Hongkong; the Chairman of the Women's Air Raid Precautions Union, Exchange Building or to the Superintendent, Fire Brigade, Central Fire Station, Hongkong.

### PERSONS NOT ELIGIBLE FOR ENROLMENT

The following will not be eligible for enrolment in the Auxiliary Fire Service:—

- Reservists of the defence forces of the Crown.
- Members of the Hongkong Volunteer Defence Corps or the Hongkong Naval Volunteer Force.
- Members of the Hongkong Police Reserve.
- Those who have already volunteered for other Air Raid Services.

### CONDITIONS OF SERVICE TRAINING

Training will be carried out at the Central Fire Station, Hongkong, and the Terminus Fire Station at Kowloon between the hours of 5 and 7 p.m. and at such other times which may be convenient to the volunteers. Women auxiliaries will receive their initial instruction at the Central Fire Station, Hongkong and Kowloon Fire Station and further instructions at times convenient to them.

The course of instruction will be arranged so that each auxiliary is trained for the branch of the service to which he or she is posted. The courses vary in length; the longest, that for fire fighting duties, occupies about 40 hours, which may be taken substantially at the convenience of the auxiliary with a minimum of two hours a week.

After the initial course has been completed volunteers will be expected to attend periodical drills in order to maintain their efficiency, but generally speaking the time so spent need not exceed an average of about one hour a week.

### FORM OF UNDERTAKING

Auxiliaries will be asked to accept in writing the prescribed con-

## DETECTIVE GIVES EVIDENCE

### Lee Yuen Street Shooting Case

At the resumed hearing of the Lee Yuen Street East shooting case in which Lau Man-chu, a Swatow Chinese, is charged with assault on Chan Tak-chi, fook of the Sino-German Dispensary, with intent to rob Chan, and possession of a revolver and five rounds of ammunition, Tam Chung, detective 623, gave evidence.

Witness stated that he was with the late detective 612, Wan Man, about 11.30 a.m. in Lee Yuen Street East, when they heard cries of "snatching" coming from the junction of Des Voeux Road Central and Lee Yuen Street East. He saw three persons running down the street.

Witness then heard a "bang," and saw a man pressing his abdomen. He chased defendant and another man in Chinese clothing. Witness fired a shot outside house No. 5, and subsequently, another when the men were in the middle of the street.

### MORE CHOTS FIRED

Before reaching Des Voeux Road Central, he fired another shot, and continued the chase. He fired two more shots when the men were at the corner of Pottinger Street, and as a result the man in Chinese clothing dropped down. Defendant then ran across Des Voeux Road and was confronted by a rickshaw.

Witness struck defendant on the head with his revolver. On turning round he saw defendant insert his hand in his hip pocket to reach for his gun, when an Indian watchman came up. The Indian seized defendant's hand and a struggle ensued.

Indian Police Guard No. 157 and Crown Sgt. G. Perkins, police armorer, gave evidence after which the hearing was adjourned to this afternoon.

## FOREST GUARD ASSAULTED

Forest Guard No. 17, Lau Chau, was the victim of an assault at the corner of Tam Kung Road and Prince Edward Road on Tuesday. The alleged assailant, a man named Li Yui, 25, was charged before Mr. T. J. Houston at the Kowloon Court yesterday with common assault, and sentenced to six weeks with hard labour.

Questioned by the Magistrate as to his reason for assaulting the forest guard, Li explained that on an occasion previous to the assault Lau had refused him permission to remove from a certain place his ancestor's bones and had assaulted him.

Conditions of service and to sign a form of undertaking that they will come up for (at least) part-time service with the Hongkong Fire Brigade when called upon in an emergency. Auxiliaries will also be invited to undertake to serve in a full-time capacity with the Brigade in an emergency, if so selected by the Chief Officer and their circumstances permit.

### A. F. S. BADGE

All auxiliaries who satisfactorily complete their initial course of training will be awarded the A.F.S. badge.

### PERIOD OF ENROLMENT

The appointments of auxiliaries will be without limitation as to period. Should an auxiliary for any reason be desirous of leaving the service one week's notice in writing is requested.

### UNIFORM

Auxiliaries—Men and women—will be supplied with uniform free of charge when they have satisfactorily completed their initial training. A preliminary issue is made during training to auxiliaries in certain categories.

## ANTI-CHOLERA INOCULATION CERTIFICATES

### New Regulations Introduced

It is notified for the information of intending passengers to Macao and other ports requiring certificates of anti-cholera inoculation that, mainly for their convenience, a new form of inoculation certificate is to be introduced as from Saturday, July 8.

The new procedure involves the purchase by Shipping Companies from the Treasury (Second floor, General Post Office Building) of receipted inoculation certificates to the value of fifty cents each.

These forms are receipted and require no stamps and Shipping Companies are being requested to purchase these in quantity from the Treasury for distribution to intending passengers. By doing so, they will relieve congestion in the Treasury and afford some convenience to intending passengers.

Intending passengers may also obtain these certificates direct from the Treasury should they so desire. Such certificates in blank will be handed to intended passengers who apply to shipping offices for their tickets.

### Photographs Required

Passengers will be required to obtain passport or other small photograph to fix to their certificates and to take them to the Port Health Office (No. 11 Ice House Street), or the Vaccination Centre adjoining the Harbour Office (near Wing On Co.), or to Block 'C' of the former Government Civil Hospital where they will receive inoculation and where the certificate will be completed by the Port Health Officer or his Deputy.

The new procedure will come into force as from Saturday, July 8, 1939. After July 8, no further stamps, revenue or postage will be accepted.

## \$4,540 LARCENY CASE CONCLUDED

Following the appearances of the managers of various banks, who were subpoenaed before Mr. R. Edwards, at the Central Court yesterday, the case in which Shue Yue-tong, who was charged with larceny of \$4,540 Chinese Currency, from Lok Hau-to, 19, at the Sun Wah Boarding House on June 25, was concluded.

The sum of \$800 recovered by the police, and the receipts which defendant held for the respective sums, remitted through the various banks mentioned in the previous hearings, were ordered to be returned to complainant upon application of Mr. C. A. Russ, who appeared for the complainant.

When asked by His Worship whether defendant was anxious to make restitution to complainant, he replied yes.

In view of the fact, that defendant had helped the police in the restitution, he was given two months' hard labour.

## TRAFFIC ACCIDENTS IN COLONY

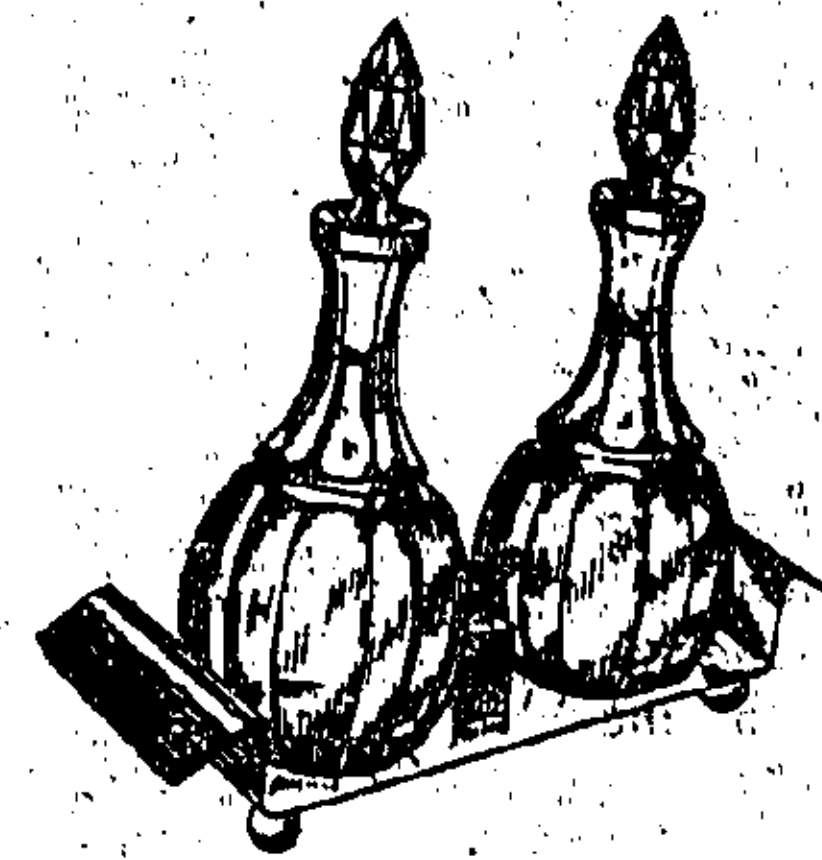

In the Colony of Hongkong, including the Island, Kowloon and New Territories during the week ending at 8 a.m. on Saturday, July 1, there were altogether 112 traffic accidents as the result of which 3 persons were killed and 84 persons were injured.

Of persons killed, a 4-year-old child was knocked down and killed by a taxi while running across the road.

Two Chinese females, age 20 and 25, died from injuries received whilst alighting from a moving tram and a moving bus respectively.

Of persons injured, 47 were pedestrians, who were either walk-

**CHINA'S IMPORT RESTRICTIONS**

THE ACTION of the Chinese Government in placing sweeping restrictions on some 234 non-essential imports of foreign origin, though somewhat belated, should occasion no surprise. Indeed, considerable wonder had already been expressed that the step was not taken long ago instead of waiting until this late hour—almost exactly two years after the commencement of the Sino-Japanese hostilities. The fact that China refrained from taking earlier action tended to show the strength of her financial and economic position and served as a great and silent tribute to Dr. H. H. Kung, President of the Executive Yuan and Minister of Finance, and other officials of the Chinese Government charged with the unenviable task of maintaining China's credit in the face of Japan's military aggression and her assaults on China's financial structure.

ACCORDING to the official announcement issued by a spokesman of the Ministry of Finance, the Chinese Government was reluctant to have to adopt these measures but, under existing conditions, there was no alternative and determined and vigorous action had to be taken to further consolidate the nation's economies and finances. The purpose of the measure is to check the difficulties confronted by the Sino-British Stabilization Fund, such as the manipulations on the part of unscrupulous persons for foreign exchange with a view to draining the Fund, and to strengthen China's resources for the purchase of necessary imports from abroad. It is estimated that the measures will result in a saving to the Chinese nation of some \$230,000,000 or \$13,000,000.

**NEW FEATURE HONGKONG PERSONALITY INTRODUCED**

—MR. ERICH PORGES

Life definitely cannot keep a good man down—and such is the case of one Erich Porges, a Viennese refugee, now living in the Colony.

This tall man with sensitive long fingers, thirty-two years ago was born in Vienna, and in this beautiful city of music, art and gaiety he received his foundations of education.

A deep curiosity and a keen interest in other people caused Erich Porges to take to the road of adventure at the age of eighteen. Actually running away from home, he found his first destination to be "Semmering" a winter and summer resort in the mountains. Here, to earn his living, he conducted the musical entertainment at the hotel. But his stay was short.

On through Europe travelled this musician during the next ten years, and in many instances "holding down a piano stool" for not more than four or five months. Life was composed of gay people, attentive audiences, music and his piano. The keys of this instrument were his bank account, there were no overdrafts and his income was steady.

The desire to see his mother caused Mr. Porges' return to Vienna and he continued his musical living in that city for several years.

**READY FOR ADVENTURE**

However, British India and its many thriving cities were in the back of his mind, and once again he set forth ready for any adventure in this territory.

His travels never took him beyond India but they created the desire to see the places and people farther on. Now, he has come to realize this wish, too. But still his interest is whetted; what about America he thinks, and no doubt, one day he will behold the Golden Gate entrance to San Francisco's harbour or salute the Statue of Liberty guarding New York's waterway.

And now, Erich Porges entertains you with songs of to-day or yesterday or his own compositions, in "Jimmy's" Kitchen on the Hongkong side.

**JUST-TELL TO PLAY**

Light opera, popular dance music, any tune you can hum, he will pick up and put on the ivory keys of his piano. But don't make the mistake of constantly asking this artist for certain types of music, just tell him to play and see what delightful sounds come forth from the light touch of his unusual fingers; you will be surprised.

According to Erich Porges moods make music, therefore, in allowing the musician to play from his

articles will be used by the Chinese Government for the purchase of various necessities from abroad and the foreign exchange involved thus will not be affected except in its use, and friendly foreign Powers will, therefore, be able to maintain their trade with China as in the past.

IT IS ONLY NATURAL that the measures which have just been adopted by the Chinese Government will, to some extent, have a certain effect on merchants engaged in the China trade but the hope is expressed that there will be a full and sympathetic understanding on the part of all these people of China's real position. Action had to come sooner or later and, as already stated, it is surprising that it did not come earlier. To his compatriots, Dr. Kung has issued a stirring appeal to practise strict economy during the present emergency. This appeal, we feel sure, will find ready support and the Chinese people may be depended upon to dispense with all luxuries and non-essential articles and save the money which they would otherwise spend on such items for national reconstruction purposes.

IN THE MEANTIME, every endeavour will be exerted to export as much Chinese produce as possible in order to seek for a favourable balance of trade, for this is one of the chief methods by which Chinese citizens may help their country to win the war. Unless the National Government can be assured the fullest co-operation of the Chinese people, its efforts to save the nation will be rendered unduly difficult.

MR. ERICH PORGES

feelings, strange, weird, amazing and beautiful notes are grouped together touching every music lover's heart.

Mr. Porges has been heard on several occasions over the local radio station Z.B.W., and he hopes to continue now and then presenting his music to the public. Also, his musical activities are not confined to Jimmy's red-tiled kitchen with its clean, bare, wooden tables, but he has commenced passing on to younger artists his knowledge in the manner of music lessons.

It is a new temporary life Erich Porges is starting, here in the Far East. He loves Hongkong, the scenery, the people and the activity and remarks on his desire to make a home here. But Erich Porges will never do that anywhere, his moods, curiosity and search for music of the many peoples in this world will not allow him to be satisfied. He will go on and his listeners, wherever they are, will benefit by his lovely music.

**OFFICE BOY TO STAND TRIAL**

**Alleged Handbag Snatching**

At the Central Court yesterday, Tam Kwok-chi, alias Tam Sai-hoi, 25, office boy, charged with the theft of a handbag, containing \$50, the property of Wan Chung-sun, on the staircase of No. 211, Hennessy Road, on July 2, was committed to the Criminal Sessions by Mr. T. J. Houston.

Det.-Insp. W. N. Darkin prosecuted and said that on the morning of July 2, complainant was paying a visit to her relative's house. She was followed by defendant who struck her on the staircase of the third floor, and at the same time a quantity of pepper was thrown into her face. She fell down the stairs to the second floor, and hurt her finger. She then shouted "snatching" in Chinese, and chased defendant into the street.

She lost sight of him when defendant turned into Fleming Road. Later defendant was arrested by Detective Lee Chau-seng.

Mr. V. C. Branson, Government Analyst, said that he examined the contents of a bottle, and found about a quarter of an ounce of pepper in it.

Dr. P. R. Naidu, of the Queen Mary Hospital, stated that he examined Wan and found pepper on her lower lip.

Wan Chung-sun and the detective also gave evidence.

**DANZIG—TIENTSIN ANTI-BRITISH MOVES. FAR EAST & EUROPE**

**NAVAL ASPECTS OF CHINA BLOCKADE: SINGAPORE BASE AND ITS VALUE**

BY JACK CHEN

JAPANESE ANTI-BRITISH ACTIVITIES ARE THE CENTRAL POINT OF PRESS INTEREST IN LONDON, THOUGH THE QUESTION OF DANZIG AND RUMOURS OF A NEW GERMAN THRUST ARE BECOMING MORE PROMINENT EVERY DAY.

It is no exaggeration to say that increasing international tension is building up an atmosphere of crisis. Nazi propaganda led by Herr Hitler and Dr. Goebbels, is exploiting this as part of their "war of nerves" on their intended victims. The German press and leaders hurl defiance at the democracies, daily, accusing them of "encirclement of Germany."

In Danzig last week, Dr. Goebbels demanded the return of Germany's colonies as a mark of the good faith of Britain, and stated point blank that "Danzig would return to Germany."

Hitler, reports the "News Chronicle," in Munich, "spoke of war as a foregone conclusion." Referring to the Axis, he declared that "We shall fight together to the last man."

Dr. Goebbels taunted Britain with the lie that "The Japanese strip them naked and they can do nothing."

**A Direct Attack**  
It is now generally admitted that the Tientsin blockade is a direct attack by the Japanese on the rights of the foreign concessions, and foreign interests in China. British opinion is thoroughly incensed at the indignities suffered by British citizens which Mr. Chamberlain described as "intolerable," and is mainly engaged in a discussion as to ways and means of countering these insults and attacks.

It is realised that under the circumstances the intangible force of British "prestige" is not sufficient protection, that it must be given the very tangible backing of economic, political and armed force.

**Naval Aspects**  
With realistic British frankness possibilities and probabilities are being weighed.

A letter from Earl Beatty in the "Daily Telegraph" summarises the naval aspects of the situation. He points out that Japan has steadily pressed her "southern expansion" policy. Her fortification of the Mandated Islands brings her 2,000 miles nearer New Guinea, Australia, New Zealand and Fiji. The

**Hello & Goodbye**

(BY A. W. HYER)

Don't fall off the Star Ferry boat, or the Fraya to-day when you see a big, new, motorship swinging at Buoy All! It is the m.s. Tjitjaleangka of the Java-China-Japan-Lijn which is on her maiden call to our port under the command of Captain J. de Jonge.

Yesterday afternoon all members of the local shipping fraternity were made welcome aboard as an informal party. And between toasts, ohs and ahs over the Tjitjaleangka and her comfortable travelling quarters, Hongkong's shipping circles voiced their approval and greeting.

And now, another big travel transport joins the list of regular visitors in and out of our port.

**Air France**

WEDNESDAY, 12.35, the Ville de Saigon stopped by Kai Tak just in from France, via Hanoi.

Out of ten passengers, nine of which were Chinese travellers whose names are not divulged, we found a very good-looking German citizen, Mr. C. F. W. Weber.

This visitor, who will be here about one week, is telling the people back home in Berlin through the means of the "Illustrated of Berlin" what he finds going on in India and the Far East. Traveling from Germany to Colombo he used a motor car; it was "swell," he reports. Then his intention to tackle the Burma highway by motor was thwarted. Half way to Chungking his progress was blocked by mud slides and he turned back. Now, he comes flying to our city and will continue by air, land and water through North China and to Japan. He left home in September last and not even he knows exactly when he will see Berlin again, but he is having a great time of it.

**Return Flight**

DUE TO CAUSES unknown at this point, the Air France weekly service to Hongkong has changed the date of departure. During the month of July all services will arrive on Wednesday and depart several hours later for Hanoi. Here they remain until Saturday, then continuing to France.

So, Wednesday, 1.40 p.m. the Ville de Saigon was on its way back to the Indo-China city.

Mr. P. Stannington, holding a ticket to Hanoi, and a Chinese passenger had a big, comfortable plane to themselves on the return flight.

**Empress of Japan**

WEDNESDAY, 9.30 a.m. the Empress of Japan slid into her berth at Kowloon, in from Manila.

A handsome American gentleman, Mr. C. T. Carroll of the "Coco-Cola" Company comes on a business visit. However, he is on his way to Shanghai and a new desk in the company. Also, one of his big bosses, Mr. C. L. Lewis will come flying in here from America to-day on the Boeing Clipper, it will almost be "old-home week." In ten days off to the North this gentleman sails.

Mr. R. R. Roxburgh, number one over at John I. Thornycroft, finished off a round-trip on business down to Manila and back by the Empress of Japan.

There were Mr. and Mrs. A. P. Taylor-Gill up at the ship's rail waving to anxious friends on the pier.

Mr. and Mrs. D. Tan, prominent Manila residents, will spend a vacation in our city for a few days.

And Mr. V. Aldanese, partner in the firm of Aldanese and Cortes, and a director of four mining companies in the Philippines comes to find cooler breezes for a few days after the heat of his home town Manila.

**Imperial Airways**

MONDAY, Captain, L. J. M. White flew the "Delphinus" up from Bangkok, landing at Kai Tak at 3.20 p.m.

Dr. Hajo Zingarelli, a correspondent for the Italian news sheet "La Stampa," comes information gathering. This gentleman left Budapest by R.M. and transhipped to Imperial Airways in Bangkok. During the next four and five months he will news hunt through the Far East for his paper. Regarding the recent international European situation, all his thoughts were summed up in his words, "Fifty-fifty!"

**Imperial Airways**

Captain J. N. Wilson put the "Dorado" down at Kai Tak on

factor in European relations, and an increasing body of opinion as represented by Sir Francis Young, husband in a letter to the "Sunday Times," urges increased aid to China as an ally of Britain in defence against Japanese aggression.

Monday, at 4.10 p.m. in from Bangkok.

Mr. H. Wulkenberg and Mr. O. Giermann, two German travellers, appeared in a hurry to reach Shanghai. On their arrival they made a bee-line for the afternoon newspaper, and practically refused to come out of its folds and divulge any personal or political information.

Mr. W. T. Yetton quietly and bashfully attempted to elude the "Press" on his arrival from the south. This traveller will take up residence in the Colony for the next two months. But more information than that, oh no!

Very tall, very handsome and his eyes twinkling in amusement describes Mr. L. C. Macdonald who arrived from Bombay on his way home to England. The gentleman's side trip is a bit of business and pleasure, and after a short visit he will continue homeward, by air or sea he is not sure.

**Tuesday Departure**

THE "DENEBOLA" on Tuesday, at 7 a.m. was bound for Bangkok carrying one lone but important passenger Mr. M. H. Curtis, local number one over at the Imperial Airways' office. An inspection tour and examination of company business calls him south for a short stay.

s.s. Corfu

WEDNESDAY, 9 a.m., the s.s. Corfu was in from Europe and southern ports. A large majority of her passengers are transhippers, destined for the Empress of Japan sailing to-morrow, noon for Canada.

Mr. and Mrs. A. T. Godfrey, of the Assessment Department in the Government, returned to the Colony. The trip was delightful and there were many waving hands for them on the pier as the ship came alongside.

Leut. J. T. Pollock and Mrs. Pollock, accompanied by their two attractive daughters, created quite a bit of excitement, their friends and acquaintances surrounding them offering greetings.

Mrs. T. Irmeyer was unfortunately. This former local resident returning from a trip to Switzerland had a sudden attack of appendicitis outside of Singapore, and was quite indisposed upon her arrival here. At a late hour it was not known what hospital she was entering for her condition.

Mr. and Mrs. C. E. Hall connected with the Great Indian Peninsula Railway will have a reunion with many friends here for their forty-eight hour stop-over. These visitors are on a vacation and homeward-bound to England by the Empress of Japan and the popular Canadian Pacific vacation route across Canada.

**ENJOYABLE COCKTAIL PARTY**

Between two and three hundred guests were present yesterday evening at an enjoyable cocktail party held on board the Java-China-Japan-Lijn's new motor vessel Tjitjaleangka on the occasion of the ship's arrival in Hongkong on her maiden voyage to the Far East.

The hosts were Capt. H. de Jonge, and Mr. A. L. Veltman, agent of the J. C. J. L. A most pleasant time was spent by all who attended.

**MARCUS SHOW AT ITS BEST**

**"La Vie Paree" Is Outstanding**

The final programme of the Marcus Show season in Hongkong, "La Vie Paree," is perhaps the best, and delighted a packed audience at the Queen's Theatre last night.

The various scenes had beautiful girls in gorgeous costumes, all set against colourful and novel backgrounds.

The Marcus funsters were at their best and the parody of a fan dance, performed by three of the male cast with newspapers instead of fans, was uproariously amusing. "La Vie Paree" will be repeated to-day when the Marcus Show says farewell to Hongkong.

## CONVERSATIONS AT SIMLA

RANGOON, July 5 (Reuter)—The Governor-General, Sir Archibald D. Cochrane, is leaving for Simla on July 11 to confer with the Viceroy of India on "problems connected with the defence of Burma."

Major-General D. K. McLeod, G.O.C. Burma and a delegate to the Anglo-French defence talks at Singapore, and Mr. D. C. P. Phillips, Secretary of Defence in the Burma Government, are also attending the conference.

After the conversations, Sir Archibald Cochrane will proceed to England by air on holiday.

## PLATINUM AND GOLD FOUND IN LUGGAGE

## Milan Police Make An Arrest

No less than 4 kilogrammes of platinum and 24 kilogrammes of gold were discovered by the Milan police in the luggage of a man travelling as a dealer in precious stones. This find was the result of investigations undertaken by the police against a band of banknote smugglers.

Cross-examination of the arrested man showed that the platinum had been bought in Switzerland at 35,000 liras per kilogramme with Italian lira notes smuggled across the frontier. In Italy the smuggler would have been able to sell the platinum at 60,000 liras per kilogramme although the official price is only 40,000 liras.—(T.O.)

## SOUTH CHINA W.C.T.U.

To enlarge the enrolment of the young woman refugees in its Industrial Centres and to erect some temporary building to lessen the responsibility of high rent, the South China W.C.T.U. will launch a financial drive soon. The goal set for the campaign is \$30,000. Hongkong currency to be used as follows:—

Erection of a factory \$3,000. Erection of a dormitory \$2,000. Food Expenses for two hundred refugees \$12,000. Teachers' Salary \$2,400. New Equipments \$1,000. Running Capital \$5,600. Emergency fund \$3,000. Miscellaneous \$1,000.

The campaign will open at 4 p.m. on July 7, the second anniversary of China's National resistance. The Committee of the financial campaign consists of Mrs. Herman C. E. Liu (Chairman), Dr. Katie Wu (Vice-Chairman), Mrs. Renaid Ching (Secretary), Mrs. Li Fong (Treasurer) and Misses Y. C. Law, Betty Hu, Cheng Wen Yih, Dr. Margaret Fenik and Mesdames C. Y. Loh, Fu-san Chiao, Huang Han-tu, Shu Chien-ang, Henry Ling, Chen Chin-an and Shao Kwang-ming.

The discount rate of the National Bank will be reduced to 14 per cent. as from July 6 on bills representing sale of Belgian products abroad. On normal bills discount rate will be 24 per cent.—(T.O.)

## GAS MASKS CONTRACT SEQUEL

## APPEAL AGAINST JUDGE'S DECISION DISMISSED

Written judgments dismissing the appeal brought by Henri Krebs, trading as Maurice Angsborg and Co., Gloucester Building, against the decision of Mr. Justice R. E. Lindsell in striking out part of a statement of defence in connection with contracts entered into between the appellant and the Headquarters of the Chinese Fourth Route Army Corps at Canton, were delivered yesterday in the Supreme Court by the Chief Justice, Sir Asholl MacGregor, and Mr. Justice J. A. Fraser.

The appellant was represented by the Hon. Mr. Leo D'Almada e Castro, Jnr., and Mr. H. C. Macnamara, instructed by Mr. H. J. Armstrong, while Mr. Eldon Potter, K.C., instructed by Mr. Sidney Ng Quinn, appeared for the respondents.

## HOW ACTION AROSE

The action, it will be recalled, arose out of two contracts to supply the Fourth Route Army Headquarters at Canton (the plaintiff) with 10,000 gas masks at \$19 per mask and for the supply of 8,000 high explosive shells at \$24,000.

The gas masks duly arrived in Hongkong, but, on inspection, proved to be not up to sample and the plaintiff-respondents thereupon rejected the whole consignment and duly issued a writ claiming from the defendant-appellant the sum of \$190,000, which they had paid for the masks.

The defendant firm, the defendant-appellants in this case, in reply claims for the payment of \$24,000, which they state the plaintiff-respondents still owe the firm for the high explosives.

## JUDGE WAS RIGHT

The Chief Justice, after citing authorities in support of his opinion, held that he was satisfied that the goods had not passed to the buyer and that the learned judge had been right in striking out the paragraph in the statement of defence as disclosing no reasonable cause for action.

Mr. Justice Fraser, in agreeing with the Chief Justice, said that it appeared to him that the whole contract was an ordinary c.i.f. contract and that the defendant-appellant would only have a remedy in a claim for damages, but not for debt.

(A special supplement containing the full text of both judgments will be issued with the "Hongkong Daily Press" tomorrow.)

## NEW RECORD FOR COLONY CYCLING

## KEATES' FINE ACHIEVEMENT

Clocking the astonishing time of 11 mins. 52 secs. over five miles (under Class "A" rules) on Monday, July 3, H.A.C. Keates rode the fastest un-paced road trial of his 13 years racing career, to reduce the Colony record by no less than 48 secs.

He was also successful in setting inside the record figure he established under the Shanghai Wheelers' colours in 1933, beating it by 39 secs.

Favourable Comparison

The time compares most favourably with the world and British records of 10 mins. 20-1/5 secs. and 10 mins. 35 secs. held by Archambaud and Hill respectively.

These records were put up recently on the fast Milan track, the riders thus having none of the handicaps of a road trial to contend with and having a constant level surface.

## Another Duel

Another duel on the Shek-O Road between Keates and Cottrell over 5 miles on July 4, resulted in the former returning the fastest time of 14 mins. 23 secs. (20.65 m. p.h. thus beating course record by 5 secs.)

Entries for the Massed Club Run on Sunday, July 9, close at noon. To-day (Thursday) and under no circumstances will late entries be accepted. Full particulars are available at practically all cycle agents and hire-shops.

## South China's Great Fight With U.B.

## ARCULLI BATTED OUT OF BOX

(BY R. O. Y.)

By virtue of the great battle which they put up against the powerful Union Brewers, South China took honours for the outstanding performance of the week, when they went down to a glorious defeat, losing by only the odd run in 17, after local tipsters had freely forecast another runaway win for Chet Bennett's league leading Beer Barons.

The South China boys appeared to have the game well in hand when they held a four-run lead at the end of the fourth frame, but allowed the Brewers to draw level in the fifth, when the Leonard brothers, Dave, Stan and Terry, all hit safely to drive in the necessary markers.

The losers fought back to regain the lead in their half of the same stanza, but the Brewers came again to garner the tying and winning runs in the first half of the sixth. Jesse Arculli who had been batted out of the box, in the fourth frame, returned to the mound to hold the Southern Chinese scoreless for the last two innings.

Dave Leonard was the danger spot of the winning squad and drove in four invaluable tallies, by garnering three bingles in four times up, for a 750 batting average. George Souza ran wild to pilfer five bases and put in some good work with the hickory stick to cross the plate three times.

Replacing Box in the fifth stanza, All earned much credit for the Brewers win, by shagging three flies at leftfield; one of his efforts was a brilliant running catch that ended a South China rally when the losers had two men on bases with two away.

Generally speaking, the winners were not at all impressive and gave probably their worst fielding display of the season. Seven miscues were chalked up in the errors column.

The South China gang demonstrated their ability to hit Arculli's offerings in no uncertain manner when they nicked him for seven safeties in the first four frames. Chang and Y. T. Chan connected for two apiece and together with Wong, who belted a rousing triple in the first inning, drove in two markers apiece.

Chang gave his best display, to date, on the mound but could have won for his team, had he walked Dave Leonard every time the latter came to bat with men on bases. It is not perhaps cricket, but it would have been good baseball. Y. T. Chan gave another sound performance at the initial sack while Ho showed plenty of energy behind the plate.

## RECREIO DISAPPOINT

In the other league match decided, Recreio disappointed with an exceedingly poor display against the Chinese Baseballers, whose tally of 15, included 3 unearned markers. Spotty Pereira pitched excellent ball but was given poor support.

Of the starting line-up, only Nick Beltrao and Henrique Barros came through without committing a bobbie. Nick connected for a two bagger and a triple but both efforts were wasted. Charlie Figueiredo also slashed out a three bagger and scored on a sacrifice by Alves. Barros chalked up the only other Portuguese tally when he stole home in the second frame.

The Chinese took things lightly after they had run into a big lead and pitched Wally Ching and Tommy Chan for two innings apiece, after star hurler Earl Wong had done mound duty for the first three innings. Ching was in grand batting form and connected for four safeties, which consisted of a single, two doubles and a round-tripper.

Nip Lum showed his kleptomantic tendencies when he stole both second and third bases after binging in the second frame while Choy recaptured a moment of youth by stealing second and home. The Chinese gave their first errorless fielding display of the season after committing 19 bobbies in their previous five outings.

## DISPUTE OVER SHOES

## Cobblers, Mafoos In Squabble

A dispute alleged to have arisen over four pairs of shoes, led to a fight between a party of Shanghai men and cobblers in Wellington Street, at 9 p.m. last night.

The party of Shanghai men, consisting of 11 persons, six of whom were mafoos of the H.K. Jockey Club, put up a fight with the cobblers, who were believed to have used knives.

As a result two mafoos were detained in hospital. Their condition has stated to be fair.

The injured were: Shiu Ching-ping, 30, and Tsai Po-kwong, 28. Six others who took part in the fight were detained in police custody.

## S. CHINA WIN TWICE IN PENANG

South China Athletic Association's football team on tour in the South won another two matches over the week-end at Penang.

In the first match, the tourists defeated the Chung Wah team by three goals to one, the scorers being Fung King-cheung (2) and Chan Tak-fai.

On the following day, they defeated an All-Penang eleven by the same score. Fung again scored two goals while Lai Shiu-wing made the third.

The weather was excellent though a bit hot on both days. A large attendance watched each game.

## INDOOR BOWLING

At the Hongkong Bowling Alleys yesterday, J. S. Landolt played A. W. Muenger for the right to have their name on the "Watson's Shield" for the month of May, the former winning by 508 points to 406. The delay in playing off this match was due to the fact that Muenger had a badly sprained wrist.

Cheques for the respective amounts have accordingly been forwarded to them.

team to meet a pick-up Hongkong. With Charlie Horton in excellent hurling form, the local boys won through by 8 tallies to 1, in a 5 inning trounce. The Hongkongites were assisted by three sailor boys, Mack, Hallsey and Rope, and held the opposition to 2 scattered bingles.

Costello, pitching for the Tulsa, conceded only four safeties but lost out on his team-mates errors.

## 84 MEN CHARGED WITH GAMBLING

As a result of a raid carried out by the police yesterday at No. 15 Lyndhurst Terrace, third-floor, 84 men found gambling in the premises, playing the common game of "pai-kau" were arrested.

Li Shek Chuen, 40, of the Naval Dockyard, and Li Fel-ping, 32, were charged with keeping a common gaming house, whilst the rest were charged with gambling, before Mr. R. Edwards at the Central Magistracy yesterday.

The case was adjourned until Wednesday 12 at 2.30 p.m. First and second defendants were allowed bail in the sum of \$100. The rest were on bail of \$3. The 74 others who failed to appear yesterday, had their bail in the sum of \$3. estreated.

## ESCAPE ATTEMPT ALLEGED

An interned soldier at Ma Tau Chung Camp, Yip Tim-kai, 31, was discharged on a count of attempting to escape from internment and on a second count of disorderly conduct by Mr. T. J. Houston at Kowloon Court yesterday.

Yip was alleged to have thrown a heavy log against a wire fence near the gate of the camp. He pleaded that on Monday, the day he is alleged to have attempted to escape, he was feeling ill and he wished to bathe in warm water. For this purpose, he had thrown a log against the barbed wire in an attempt to break off some chips with which he could kindle a fire.

## LAWN BOWLS NOTES

Continued from Page 2

But he conceded a five to Basto later in the game. Bucked by this big score, Basto and his men decided to put their best foot forward and slowly but surely they crept up from behind Omar. On the 21st head the score was 21—all. On the extra head Basto scored two to win the match.

On the adjoining green (P.R.C.) the Indian R. C. rink of D. M. Khan, M. Y. Adal, A. R. Dallah and A. K. Minu lost to the Takoo combination of W. McRoe, R. Mair, D. Munro and J. Chalmers to the tune of 28-17. To judge by the scores, one would gain the impression that the game must have been one-sided, but this was hardly the case as each rink had their turn in leading—first Chalmers, then Minu and then Chalmers again.

Right up to the last head the losers, though the dice were heavily loaded against them, might have snatched an eleven-hour victory as they were only four shots behind. But when Chalmers was lying the shot and was manoeuvring for position, Minu was done for, his only salvation being to "burn" the head which he tried desperately but vainly to do. Chalmers and his men certainly deserve the victory; they served up a better brand of bowls.

Playing on the Kowloon Football Club green, B. W. Bradbury's rink (J. W. Leonard, K. M. Omar, and A. E. Coates) had a very close shave against M. Rakusen's four (M. E. Purvis, W. J. Burling, and W. Hillier) winning with only one shot in hand after leading by 12-4 on the 9th head. Rakusen kept on plodding behind Bradbury, and on the 18th head he had the satisfaction of seeing the scores level at 17 all. He scored a single on the last head but one, to lead, but Bradbury scored two on the last head to clinch the issue.

## LAWN BOWLS RINKS TOURNAMENT

In a postponed Open Rinks Lawn Bowls championship match played at the Kowloon Bowling Green Club yesterday, A. Calman, T. Ferguson, R. Morrison and J. C. Brown (skip) beat W. Excell, A. L. J. Eastman, V. Petherick and J. Ferguson (skip) by 27 shots to 16 to enter the quarter-final round.

Scoring two singles, a six and a two on the first five heads against their opponents' single on the 2nd head, the winners retained this substantial lead till the end.

### CHAMPION PAIR EXTENDED

The third round of the Open Pairs championship made further progress yesterday when three matches were played off at the Kowloon Docks Recreation Club. Incidentally, three Club de Recreolo pairs were featured in the matches, all ending on the winning side to enter the fourth round of the competition.

The most exciting game of the day was that between last year's champion pair, C. M. Silva and F. X. Soares and S. M. White and A. J. Hall, the former combination winning by 20 shots to 19 after an extra head.

On the same green, L. J. Silva and J. F. V. Ribeiro beat E. V. Searle and J. Watson by 24 shots to 13.

In the other game J. Luz and L. F. Xavier won by a narrow margin from F. C. Channing and C. Dowman, the final score being 18 shots to 16.

# HOW TO TAKE 'ASPRO' FOR DENGUE

AT the first signs of the dreaded Dengue don't procrastinate—

Take two to three 'ASPRO' tablets every two hours until the Fever abates and the pain ceases. 'ASPRO' is the greatest Fever Antidote ever given to the world. No other medicine has its anti-pyretic, anti-periodic and anti-germinal propensities after ingestion in the system. 'ASPRO' is far more effective than quinine and there are no harmful after effects. Make certain that 'ASPRO' is always in the home ready for any emergency.

DENGUE MALARIA and other FEVERS always take ASPRO according to the above DIRECTIONS

## Nothing Equals 'ASPRO' for Dengue & Rheumatism

Sally's Estate,  
Ingham, North Queensland.  
Dear Sirs,  
Having used your 'ASPRO' for Dengue Fever and also for Rheumatism, I have found that nothing equals 'ASPRO' for relief from pain.  
I was very bad the last week in December, and could not sleep with Rheumatism in my legs. A neighbour called to see me, and she told me that 'ASPRO' Tablets were good for pain. I straightaway sent to the chemist for a box of 'ASPRO', and I can truthfully say that I was surprised at the relief I got after taking the first two 'ASPRO' Tablets—they took away the pain and I could sleep of a night. I took three Tablets a night for four nights, and they relieved me, and now I am as well as ever.  
Yours faithfully,

## 'ASPRO' Works Wonders for Malaria

Gladstone, Queensland.  
Gentlemen,  
I think it is up to me to let you know how I have benefited by 'ASPRO'. Ever since 1913 I have had a malarial fever, having contracted same in Rhodesia, German East Africa and the Straits Settlements.  
I came to Australia from the Straits Settlements five years ago, and for the first two and a half years was constantly in hospital at Victoria and New South Wales. On arriving in Queensland, a friend advised me to try 'ASPRO'. I did, and it has worked wonders. I still continue to get slight attacks of Malaria, but I take a few 'ASPRO' Tablets and hot lemon water, and rest a few hours, I am quite O.K. again. I would not be without 'ASPRO' for anything, and always carry a box about with me. I can honestly recommend them to anyone suffering from the same malady.  
This testimonial is unsolicited and you may make any use of it that you think fit.  
Yours faithfully,

## NEWEST ELECTRO-PLATING TECHNIQUE

### Birmingham Lamp Factory Described

From Our Own Correspondent

LONDON, June 21.—An interesting experience is a conducted tour of the big Lucas lamp factory in Birmingham. The plating shop is dominated by two great tank-like structures, each with a mass of overhead gear, looking very much like the hulls of two ships steaming down the centre of the building. These tanks actually comprise the automatic plating plant, which performs what is, perhaps, the most impressive

single process in the whole works, representing the very newest development in electro-plating technique.

This is a bright plating process—that is to say, there is no handling of the articles between their first immersion in the vats and their final emergence, brightly polished, from the drying plant. This is in direct contrast to the conventional process, in which the deposit is dull at first, and both the intermediate nickel coating and the chromium plating have to be polished. With this apparatus there is no need for any intermediate or final polishing; the plated articles go straight to the assemblers.

One of the most important factors in good electro-plating is apportioning the correct amount of time during which articles must remain in the various vats. Human beings, even the most skilled and experienced, are occasionally liable to error, but this plant never errs, even by a fraction of a second.

The varied contents of the plating vats include acids, hot and cold water swills, neutralisers and cold water swills, neutralisers etc. Overhead an ingenious system of conveying chains and hoists is constantly in motion; at intervals along line of dripping, steaming components are seen rising on one of the automatic hoists and being carried to the next vat.

## BRITAIN'S TEA IMPORTS FROM JAPAN

### Questions In House Of Commons

LONDON, July 5 (Reuter).—In the House of Commons yesterday, Mr. Oliver Stanley, President of the Board of Trade, stated that recorded imports of tea from Japan during the five months January to May this year were two and a quarter million pounds, the weight representing 1.5 per cent of the total tea imports for the period.

He was informed that cheaper qualities of Japanese tea were sold at six pence and seven pence per pound, excluding duty and he was aware that this tea was blended with Empire tea for the purpose of producing a cheap packet of tea. He had no power to stop this importation.

### Not Correct

Mr. W. Thorne (Lab) asked Mr. Stanley if he was aware that Japanese tea was mixed with Ceylon and Indian tea and sold as Empire tea.

Mr. Stanley declared that if he was supplied with definite information he would look into the matter, but his information was that this was not so and certain, under the law, could not be so.

Replying to further supplementary questions, Mr. Stanley said that this tea was not described as Empire.

## Germany's Share In World's Industrial Production

Germany's share in the world's industrial production rose from 8.3 per cent in 1932 to 15 per cent in 1939 states the latest half yearly report just issued by the Reichs-Kreditgesellschaft, for six months ending on June 30, 1939. Taken as a whole, the German industrial production during 1938 increased by 28 per cent, by comparison with 1928, that is, the most favourable post-war year before the world depression and 32.7 per cent more than in 1929.

The German production of raw steel in 1938 aggregated 23 million tons.

### Raw Steel

The first half year of 1939 showed a further increase of the German raw steel production to 6.3 million tons. Electric power production reached 55 milliards Kilowatt hours in 1938, that is 22 per cent more than in 1937.

An increase of production is shown in the synthetic rubber in the first half year of 1939.

Great progress was made in increasing the home supplies of the textile raw materials.

The State revenue during the financial year of 1938-40, according to the report of the Reichs-Kreditgesellschaft is expected to reach 22 milliards.—(Transocean).

The Shumchun Rural Welfare Centre is to hold a meeting at Shumchun on Friday to observe the second anniversary of the outbreak of the Sino-Japanese hostilities. Invitations have been sent to various local organizations to send representatives to the meeting. Advantage will also be taken of the occasion to inspect the work being done and to encourage the field staff.

## NEW EXCHANGE REGULATION

### Local Chinese Comment

The regulations relating to import prohibitions and those relating to export and import exchange as promulgated by the Ministry of Finance yesterday were described by the Chinese Press in Hongkong as "the most urgently needed measures to strengthen China's war-time economy."

All Chinese people, including those in the Japanese-occupied areas, are urged by the "Ta Kung Pao," "Sing Tao Jih Pao" and "Shun Pao" to rigorously enforce these measures and strictly practise economy in order to prevent the outflow of China's capital.

### Most Effective

The "National Times" declares that the restrictions on the import of non-necessaries are the most effective measures to reduce the outflow of capital. On the other hand, they tend to increase China's capital for reconstruction and production purposes, promote industries in the interior, and check Japan's economic encroachments upon this country.

The export exchange regulations, the paper says, will greatly encourage China's exports as exporters are paid a sum, more or less resembling a subsidy, based upon the difference between the official exchange rates and the rates jointly announced from time to time by the Bank of China and the Bank of Communications.

By specifying a certain place in the interior where merchants may obtain foreign exchange, the rules will also encourage the inflow of capital to the interior provinces.

NEW RULES FOR  
SUBMARINESGreat Precaution  
At TrialsCONFERENCE HELD  
AT ADMIRALTY

A conference lasting many  
hours was held at the Admiralty  
and was attended by most, if not  
all, the Sea Lords, a number of  
naval constructors, and submarine  
experts. Capt. Oram, one of the  
four survivors of the Thetis, was  
present, writes Hector C. Bywater,  
"Daily Telegraph" Naval Corres-  
pondent.

Large crowds gathered round  
the main entrance to the Admi-  
ralty in Whitehall, and also  
about the two entrances in the  
Mall in the hope of catching a  
glimpse of Capt. Oram.

It has, I gather, been pro-  
visionally decided that all  
future trials of new subma-  
rines shall be attended  
with greater precautions than  
were observed on this occasion.

Probably a specially equipped  
salvage vessel will be in atten-  
dance, and lifting pontoons or  
"camels," together with other sal-  
vage gear, will be held in readiness  
at the nearest base for instant use  
if required.

It is certain that the number of  
passengers allowed to accompany  
a new submarine on her diving  
trials will henceforth be restricted  
to the absolute minimum requisite.

These new rules are the first  
fruits of the Thetis tragedy. That  
they were not put into force be-  
fore suggests over-confidence in  
official circles as regards the  
safety of modern submarines.

## ADMIRALTY'S SILENCE

The Prime Minister's disclosure  
that the Thetis was disabled by  
the flooding of her two foremost  
compartments, due to the entry of  
water through a torpedo tube,  
must obviously have been based on  
information received from Capt.  
Oram or one of the other three  
survivors.

As they were rescued on Friday  
(June 2) this vital information  
must have been in the Admiralty's  
possession that day. The ques-  
tion arises, therefore, why the  
Admiralty did not issue a state-  
ment to this effect on Friday.

Such an announcement would  
instantly have checked the spate  
of rumour and speculation which  
not only embarrassed the Press  
over the week-end, but needlessly  
harrowed the feelings of relatives  
of the doomed men.

There is no apparent reason for  
this reticence on the part of the  
Admiralty and it is to be hoped  
that some clear explanation will  
be demanded of what appears to  
be the carrying to extremes of the  
"silent service" tradition.

WHITE RUSSIAN  
GUARDS POISONED  
IN POOTUNG

CHUNGKING, July 5 (Cen-  
tral).—Twenty of the 30 White  
Russian guards of the British-  
owned China Printing and  
Finishing Company in Pootung,  
opposite Shanghai, were  
poisoned during a meal on  
Monday, according to a  
Shanghai message. Twelve of  
the poisoned men are reported  
to be in a critical condition.

The White Russians were  
employed by the Company to  
guard the premises after the  
strike was started.

£2,000,000  
A DAY SPENT  
ON AIRCRAFT

Sir Kingsley Wood, Secretary of  
State for Air, and a former Air  
Minister, Lord Londonderry, said  
recently, at a gathering, that  
"Britain was now spending nearly  
£2 millions a day on aircraft  
production."

"The Royal Air Force," he con-  
tinued, "is a war-breaking, not a  
war-making force. I am glad to  
think that the officers and men  
of the Service deserve and are  
obtaining the very best aircraft  
that we can give them."

"National necessities and the  
anxious moments we still ex-  
perience demand a continuing and  
considerable flow of aircraft of the  
first rank. There are more types  
of aircraft to come. They will  
soon be demonstrated, the  
secret types which will be flying  
in the near future will carry a  
stage further the remarkable  
development in British aircraft  
production."

## BROADCAST BY DR. H. H. KUNG

Continued From Page 1

"Open Door" doctrine, the conclusion of the Nine Power Treaty, the signing of the Kellogg-Briand Anti-War Pact and in the achievement of other landmarks of history, has won for your nation an undisputed leadership in world affairs and the honour of a champion of all that is noble and beautiful in international life.

## DEEP APPRECIATION

In celebrating to-day's occasion with you, I cannot claim to speak in the voice of the Chinese people if I do not reassure you of our deep appreciation of the happy friendly relations always existing between our two peoples and of the inspiration and assistance you have given us in our task of rebuilding and modernization. Whether in trade, education and culture, development of free institutions, or the realm of international affairs, America has been China's friend and leader.

Recently, through your Government's arrangements for silver purchases from China and for extending loans and credits to China, you have helped materially in the maintenance of our financial and currency stability. And how, through your abundant sympathy and moral support in our distress, your valuable services in our war relief work, and your positive cooperation in our hour of need, you have afforded us great encouragement in our stubborn defence of free institutions.

The Chinese people thank you for your traditional friendship born of kindred ideals and convictions and built on the close community of interests dear and vital to both peoples.

## RUMOURS OF WARS

Perhaps some of you who are now in my invisible audience will recall that two years ago it was my happy privilege to participate in your own land in celebrating the Glorious 4th of July. That day broke upon a happier world than the world of this day, for today wars and rumours of wars disturb us all.

The noble aspirations expressed in the Declaration of Independence as well as in those solemn international agreements which your country and mine, both spouses, have now unhappily received a great setback from a fresh release of the forces of war and aggression in a large part of the world. The spirit of reason and conciliation has yielded place to primitive brute force.

The sanctity of international law and treaties has been trampled upon with impunity. The system of international security has been seriously challenged. Mankind seems to be reverting to another Dark Age. Centuries of human progress may be set back. Civilization is at stake.

## WHOLESALE SLAUGHTER

For two years a great War of Independence for nearly a quarter of mankind has been raging fiercely on China's soil. Every day Japan's modern military machine rains death and destruction on our innocent people, on our open cities, and even on our remote countryside hundreds of miles away from the front.

The horrors, barbarities, indecencies and lawlessness which Japan's aggression has brought in its train are not only incredible to civilized mankind of the 20th century but are revolting even to the most elemental sense of human reason and decency.

At this very moment I am speaking from a city which has had the bitter experience of wholesale slaughter of innocent civilians and wanton destruction of private property through indiscriminate bombing by Japanese aeroplanes.

Can Japan's bombs and machine-guns terrorize the Chinese people into submission? Will this young Republic of ours conceived and dedicated as your Republic perish from the earth in face of Japan's aggression? The 470,000,000 souls of China say "No." Japan's reign of terror cannot break our morale; it cannot kill our national soul; it only hardens our will to resist.

True, the inadequacy of our mechanical equipment forces us to fight against great odds. But we have the grim determination to fight to the bitter end. For two years we have fought stubbornly, and have exploded the myth of Japan's invincibility. For any number of years we will continue to fight until Japan realizes that China cannot be conquered and until China emerges from this great cruel war a nation free and reborn.

## RIGHT AND JUSTICE

We are confident that ultimate victory shall be ours, because we know that right and justice are on our side. We are fighting for the

inalienable rights of human liberty and equality. We are fighting for our "good earth," for our sacred homes, for our rich heritage, for our national existence and independence.

More than that, we are fighting for a cause that is the cause of civilized mankind. We are fighting against the menace of international gangsterism, the public enemy No. 1 of international security. We are fighting against the epidemic of aggression, the disturber of world peace and order.

We are fighting against the evils of tyranny and militarism, the enemies of democracy and self-determination. We are fighting against the new conditions of "undeclared warfare" signified by rape and rapine, by indiscriminate bombing of open towns, by mass murder of non-combatants, by systematic destruction of cultural and educational institutions, by absolute disregard of neutral rights and interests, by inexcusable infringement on the sovereignty of neutral States such as the infamous Panay Incident.

## WILD DREAM

We are fighting against a group of militarist maniacs who are lustful for power and supremacy, who are frantic with the idea of Japan's "sacred mission" of ruling the world, and who are ruthlessly seeking to conquer China merely as a stepping-stone toward realizing their wild dream of achieving Japan's mastery of Asia, hegemony in the Pacific and eventual domination over the world. We are fighting against an ambitious aggressive Power, which, if it should succeed in controlling China's vast man-power and natural resources, would surely not hesitate to stretch its greedy hands to the possessions of Western Powers in the Pacific and the Asiatic Continent and even to the shores of these very Powers. We are therefore fighting a battle that is yours and the world's as much as it is ours.

In a sense, we are also fighting a battle for the innocent, hardworking masses of Japan who are now in the grip of their military tyrants. For we believe that the final victory of right and justice in Asia will bring freedom to the Japanese people from the feudalistic dictatorship that now holds them in bonds and shackles.

## NOT DESPONDENT

Now it is these considerations that afford consolation to our people in the tremendous sacrifices necessitated in our resistance to the aggressor. We are not despondent; rather are we proud to make these sacrifices in the cause of ultimate peace and freedom throughout the world. To this cause we solemnly rededicate ourselves, for without peace and liberty, life is pointless. We wholeheartedly subscribe the feelings of your great patriot, Patrick Henry, who said: "Give me liberty or give me death!"

And yet, the maintenance of international law and justice is not the concern of one nation alone. Vital interests cannot be protected by shutting one's eyes to world realities, any more than the ostrich can achieve protective isolation by burying its head in the sand. When gangsters attack one's next door neighbour, one cannot secure himself by ducking his head under the bedclothes.

When a fire breaks out in one's neighbourhood, one cannot protect his own house by closing its doors and windows. North American peace and security in the long run are undeniably contingent on world peace and security. But to enjoy peace, it is necessary to work for peace; and to ensure security, one must pay the price for security.

Let me remind you that Japan as a warring nation is by no means self-sufficient. In attacking China it is dependent upon the outside world, especially America, for the supply of war materials and instruments of destruction; and to obtain the means for the purchase of these deadly weapons and materials it has to sell its own products. For instance, Japan must buy your scrap iron and cotton and must sell to you its silk.

Herein lies the vulnerability of Japan the aggressor. Herein lies also the opportunity of the American people to help in checking the insatiable ambition of the Island Empire.

## ECONOMIC STRENGTH

In their economic strength alone, the American people possess a weapon more powerful than all the forces Japan is capable of mustering to its support. The moment America intensifies its economic pressure on Japan, Japan's feet of clay must give way. America's O.A.N. check Japan's aggressive policy without going to war.

In commemorating to-day's anniversary of the American Declaration of Independence, I cannot refrain from expressing my sorrow that there are dark clouds on the international horizon which threaten the principles for which the Declaration stands. But for China the issues are clear and the way is set.

As we gird our loins to fight the third year of the War of Independence in Asia, we cannot but draw inspiration from the heroic sacrifices which your forefathers laid at the altar of Independence so that posterity might enjoy liberty and equality.

I look forward to the day when there will be "Peace on earth and goodwill among men" and when our two sister Republics across the Pacific will be able to congratulate each other in memory of the thought that "Government of the people, by the people, for the people, shall not perish from the earth."

## BRITISH OPEN GOLF TOURNEY

## Irish Amateur Leads In Qualifying Round

ST. ANDREW'S July 5 (Reuter).—James Bruen, the young Irish amateur, led the field in the qualifying rounds of the British Open Golf Championship yesterday with two rounds of 60, an aggregate of 120.

Henry Cotton was second with 73 and 69 (142) together with Lawson Little (America) 69 and 73 (142). Other scores were: Allis 74 and 69 (143), Bulla 71 and 72 (143), Fallon, of Huddersfield, 71 and 73 (144), Ballieu (Australia) 73 and 73 (146), Locke 73 and 74 (147).

There were 129 players with scores of 156 or better who also qualified for the competition proper.

Among the failures to qualify were Jurando, 77 and 84 (161), William Laidlaw, Cotton's assistant, 160 and Cecil Denny 162.

## HEAVY THUNDERSTORM

ST. ANDREW'S, July 5 (Reuter).—A heavy thunderstorm which lasted half an hour drenched both players and spectators at the tournament here to-day.

There was a vivid flash of lightning as R. E. G. Whitcombe prepared to drive in the first round of the competition proper for the British Open Golf Championship.

Notable scores to-day were: Cotton, 74, and Robson, 74.

## FAULKNER LEADING

Max Faulkner leads the field at the halfway stage in the first round with 70, followed by Reginald Whitcombe, Alfred Perry and W. H. Davies (71 each), Leonard Crawley (72), and Bertalino (Argentina) and Fairweather (73 each).

Other notable scores were Henry Cotton (74), Charles Whitcombe and Abe Mitchell (75 each), Jack McLean and Lawson Little (79 each).
